Suzanne,

Attached, please find a spreadsheet from Velu that includes all the COAL-NON reporters nationally. I was hoping to filter out just to the R8 facilities (TRIFIDs below). I do think this will be helpful as it has the multiple years and coal type. Perhaps this would have been helpful for me to really understand prior to us doing this data quality activity. I do think we can wait for Monday to divide which facilities to contact.

Thank you so much.
